Widescreen LCD Television

HIGH DEFINITION TELEVISION
HDTV
MONITOR

JVC's high definition widescreen LCD televisions offer superior image and sound quality and elegant styling at an affordable price

High Quality Picture & Sound Features

• **High Resolution (1280 x 768) Widescreen W-XGA LCD Display** – provides high brightness, wide viewing angle, and a flicker-free high resolution widescreen picture

• **3D Y/C Comb Filter** – this digital comb filter employs 10bit

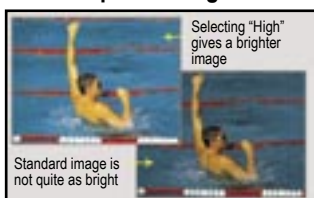

A/D converters to enhance Y/C output thereby drastically reducing dot crawl and other cross color interference that can occur from ordinary frame sampling

• **PIP with PC Input Source** – allows you to view a TV program or other source in another window on the PC desktop. You can change the size and move this versatile PIP window to different locations on the screen

• **Selectable Color Temperature Adjustment** – you can set the color temperature of your LCD screen to suit your viewing preferences. Select "High" for a more vibrant picture for watching sports or colorful sitcoms. Select "Low" for a warmer look for movies and documentaries

Color Temperature "High" for sports and games

Color Temperature "Low" for movies and films

• **6 Adjustable Widescreen Aspect Modes** – includes Panorama/Cinema/Full and Regular modes for SD/ED (480i/480p) signals. Includes HD Panorama/Cinema Zoom and Full for HD (1080i/720p) signals. Panorama and Cinema modes for all signals are vertically adjustable

• **A Full Complement of Standard Features** – includes a slim cabinet design, a JVC TV/VCR/DVD Remote Control, Standard/Dynamic/Theater/Game Video Status Modes, Return, Sleep Timer, Front Panel Lock, Noise Muting, and more

Notes & Disclaimers

- Specifications are tentative and subject to change without notice.
- Accepts 1080i, 720p, 480p, and 480i signals and displays at 768p.
- A set top box is required in order to receive digital broadcasting.
- All images on this sheet are simulated to show effect.

• **Hyper Surround Sound** – employs virtual speakers to make the TV's sound seem as though it is surrounding you without the need for rear speakers

Convenience Features

• **Inputs & Output** – Input terminals include a 15 Pin D-Sub PC Input, 1 Component Video Input, 1 S-Video Input, and 1 AV Input. Output terminal includes a Headphone mini jack

• **Multi-Language Menus** – choose from English, French, Spanish or Chinese for your on-screen menu system display

• **Table Top Stand Design** – The table top stand comes standard and allows you to swivel and/or tilt the angle of your LCD television for the perfect viewing experience

• **Convenient Carrying Handle** – lets you easily move the display to another location

• **Easily Wall Mounted** – these models feature VESA compliant screw holes (100mm x 100mm) for wall mounting
