Widescreen HD-ILA Rear Projection TV

Powered by JVC's exclusive 3-chip D-ILA technology our HD-ILA televisions provide resolution that rivals reality...

High-Quality Picture

• D-ILA (Direct drive Image Light Amplifier)

Device – JVC's exclusive three color (1280 x 720) chip technology provides a superior high contrast, flicker-free image. D-ILA is also brighter and more natural than other microdisplay technologies

• **ATSC / QAM Reception Capabilities** – A built-in ATSC tuner allows you to receive over-the-air digital terrestrial broadcasts. Clear QAM tuner allows you to receive unscrambled digital cable signals

• **Super Cinema 3 Step Optical Iris** – JVC's mechanical shutter insures that light output and contrast ratio are optimal for each video status setting

• **5th Generation D.I.S.T. w/Genessa 720p** – JVC's 5th generation D.I.S.T. detects and seamlessly up-scales any video source to display at 720p. Genessa provides 32bit "turbo" powered picture processing for faster and more efficient sampling to drastically reduce jagged edges and increase the resolution of all sources

• Motion Adaptive Dynamic

Gamma Correction (DGC) – on an area by area basis, JVC's exclusive DGC utilizes data from every signal level to insure that tonal gradations are preserved in dark areas so images never appear muddled

• **HD Range Digital Super Detail Circuitry (DSD)** – keeps the picture completely focused for both still and highly active images

• **5 Point Color Management System (CMS)** – CMS compensates for color range limitations and insures JVC colors are reproduced with dimension and vivid detail —colors are true and never tainted by surrounding or similar colors

Notes & Disclaimers

- Specifications are tentative and subject to change without notice.
- Accepts 480i, 480p, 720p, and 1080i signals and displays at 720p.
- The PC Input is 15 Pin D-Sub type and is compatible with XGA (1024 x 768) and VGA (640 x 480) signals both at 60 Hz.
- Dolby and the double-D symbol are registered trademarks of Dolby Laboratories.
- HDMI is a trademark of HDMI Licensing L.L.C.
- All images on this sheet are simulated to show effect.

Picture, Convenience & Sound

• 10bit 3D Y/C Digital Comb Filter with Cross Color Elimination

As the quality of so-called "high definition" content varies, this filter eliminates embedded interference by removing cross color/dot interference that can remain inside digital broadcasting or component signals

• **Natural Cinema (3-2 Pull Down)** – Natural Cinema employs 3-2 Pull Down technology to drastically reduce the jagged edges that normally occur when film is converted to video

• **Exclusive Sound Package** – Suited for premier sound quality these models feature 20 Watts Total Audio Power, A.H.S.+ for advanced voice processing and simulated surround sound, Bass Reflex, and MaxxBass® for maximum bass response

• **A Full Complement of Standard Features** – includes a Universal Remote Control, Smart Picture Technology, 5 Video Status Modes (D6500K/Standard/Game/Theater/Dynamic), 7 Selectable Aspect Modes, Auto Demo, Smart Sound, Smart Captions, Channel Label/Video Input Label, Favorite Channel Memory, Hyper Scan High Speed Channel Surfing, Return+, Sleep Timer, Front Panel Lock, Noise Muting, Split POP with Twin, Freeze and Index, and more

• **Inputs & Outputs** – Input terminals include dual HDMI w/HDCP Digital Video Inputs, a PC Input as Input 3 (D-Sub 15 Pin), a Smart Video Input, 2 Auto Sensing Component Video Inputs, 2 S-Video Inputs, and 4 AV Inputs. Output terminals include an Optical Digital Audio Output and a Fixed Audio Output

Specifications

HD-52G787 — 52" HD Widescreen HD-ILA Television

Dimensions inches (WxHxD): 48 1/2 x 35 7/8 x 16 3/8
Dimensions mm (WxHxD): 1229 x 911 x 415
Weight (lbs./kg.): 84.0 / 38.0

HD-56G787 — 56" HD Widescreen HD-ILA Television

Dimensions inches (WxHxD): 52 x 38 1/8 x 17 3/8
Dimensions mm (WxHxD): 1318 x 968 x 439
Weight (lbs./kg.): 90.0 / 41.0

HD-61G787 — 61" HD Widescreen HD-ILA Television

Dimensions inches (WxHxD): 57 3/8 x 41 1/8 x 18 5/8
Dimensions mm (WxHxD): 1456 x 1042 x 470
Weight (lbs./kg.): 95.0 / 43.0
