MOBILE ENTERTAINMENT

# KW-ADV794

Bluetooth® Wireless Technology DVD/CD/USB Receiver with 6.1-inch Widescreen Touch Panel Monitor

## 6.1-inch WVGA Monitor

The 6.1-inch WVGA LCD panel features 4 times more pixels than the QVGA used on previous models, offering comfortable viewing with clear and bright display for both images and GUI.

## Detachable Face Panel

With JVC headunits, you can easily remove the control panel and take it with you for security. They are provided with a convenient compact carrying case.

## USB Connection (G3 iPod/iPhone)

Enjoy digital audio/video from your iPod, iPhone, or USB devices at full-speed transfer. You can also charge your iPod/iPhone.

\* USB playback not supported for NTFS formatted devices. When partitions are created, only the first partition can be read.

\*\* DivX® files must be less than 2Mbps for playback on USB

\*\*\* For iPod/iPhone video playback, KS-U30 cables are required. Please visit [www.jvc.co.jp/english/car](http://www.jvc.co.jp/english/car) for iPod/iPhone compatibility details.

## 3-Band Parametric iEQ

You can adjust the center frequency, bandwidth, and levels for each of the 3 bands, with user-friendly GUI operation on the wide screen.

For easy setup, 9 factory EQ presets and 3 user settings are available. With Pro Mode, you can fine-tune the sound to suit your ears.
