*1 Available functions depend on the cell phone. Please visit www.jvc.co.jp/english/car/ for Bluetooth® compatibility details.

*2 Please visit www.jvc.co.jp/english/car/ for iPod/iPhone compatibility details.

*3 Compatibility with 2-way control for iPod/iPhone differs by model. Please visit www.jvc.co.jp/english/car/ for details.

*4 USB playback not supported for NTFS formatted devices. When partitions are created, only the first partition can be read.

*5 Not compatible with DRM-protected music purchased from iTunes Store.

*6 DivX® files must be less than 2Mbps for playback on USB.

*7 Receipt notification only

*8 Switching from headunit mode to iPod/iPhone mode will pause your iPod/iPhone. For playback, please press "play" on your iPod/iPhone.

*9 Ready to receive HD Radio broadcasts when connected to the KT-HD300 optional tuner.
