CS-G1200

12" (30cm) Subwoofer Unit

Aggressive
Design

1200W
Peak Power

250W
RMS

High-Density
Foam Surround

Key Benefits

The unit features superior sound in the most audible range with quick-responding high-density foam surround.

Quick Response for Sound Pressure

★ High-Density Foam Surround

The strong and light urethane surround allows quick response for clear, natural sound.

★ Wider Surround

The surround is 50% wider than the previous model, with increased sound pressure levels in the low frequencies.

MOBILE ENTERTAINMENT

cs-G1200 12" (30cm) Subwoofer Unit

*Rigid Structure

The full-covering cap prevents the woofer from deforming and increases its strength, to provide clear, distortion-free bass.
