- Audio Streaming & Control
- Multiple Phone Pairing (Up to 5 Phones)
- Front AUX AUDIO
- SiriusXM Ready
- Rear-View Camera Ready
- Steering Wheel Remote Ready
- 3 Pre-Output (Front+Rear+Subwoofer)

Key Benefits

Enjoy high-quality pictures on the detachable 6.1-inch WVGA LCD touch panel. The 1A USB port can play and charge mass storage devices. iPod Out* provides easy control with enlarged iPod/iPhone screen, while App Link Mode* (for supported apps) similarly enables iPod/iPhone app control on the headunit. Control for Pandora Radio is also available on the unit, via Bluetooth® for Android and USB for iPhone. Bluetooth® Wireless Technology offers hands-free calling and audio streaming/control, as well as the latest Siri Eyes-Free-Mode for safe driving. Other advantages include Variable-Color Illumination, advanced EQ setting, and front AUX input. The unit is also ready for SiriusXM Radio and rear-view camera with optional devices.

* KS-U30 required for App Link Mode, iPod Out, and iPod/iPhone video playback. Compatibility depends on iPod/iPhone.

JVC "App Link Mode" for iPod/iPhone (Type-A, Type-B Control)

The 2013 JVC AV receiver line offers expanded linkage possibilities with enhanced full control Type-A Apps. What's more, the growing number of apps supporting Type-B simple on-screen audio control also contributes to making iPhone/iPod usage in vehicles easier and more comfortable.

The following apps can be controlled:

MOBILE ENTERTAINMENT

Bluetooth® Wireless Technology DVD/CD/
USB Receiver with 6.1-inch WVGA Touch Panel Monitor

*USB Connection (iPod/iPhone)

Enjoy digital audio/video from your iPod, iPhone, or USB devices with full-speed 1A USB port providing playback and charging. iPod Out allows quick and easy control through enlarged iPod/iPhone screen on the headunit.

*1 USB playback not supported for NTFS formatted devices. When partitions are created, only the first partition can be read.

*2 KS-U30 cable required for iPod/iPhone video playback, App Link Mode, and iPod Out. Please visit www.3jvckenwood.com/english/car for iPod/iPhone compatibility details.

*iPod Out for Quick Response and Large Display

Enjoy easy control with quick response by enlarging iPod/iPhone screen on the headunit.

* KS-U30 required

*Drive Change Mode for BlackBerry®

Listen to music from either internal (built-in memory) or external (SD) sources on a compatible BlackBerry®, via USB connection. Some Android devices are also compatible.

- **Internet Radio via Smartphone (A2DP1.2, AVRCP1.3)**
Listen to internet radio programs via your smartphone app, with control available from the headunit.
- **Hands-Free Calls**
Receive/reject calls or voice dial while keeping your hands on the wheel.

So Many Features!

*Siri Eyes-Free-Mode for iPod/iPhone

This function allows access to the "Siri" voice-activated personal assistant while keeping your hands on the steering wheel and eyes on the road. No need to watch or touch the iPhone screen as you play back music stored on iPhone, and make calls to registered phone numbers via Bluetooth-equipped car receiver, with the safety of voice control. Moreover, "Siri Eyes-Free-Mode" can be easily accessed using the Bluetooth/Voice Button as is the case with Voice Guidance.
* Depending on the in-car environment or iPhone/iPod environment being used, there may be cases where smooth operation is not attainable.

*Detachable Face Panel

With JVC headunits, you can easily remove the control panel and take it with you for security. They are provided with a convenient compact carrying case.

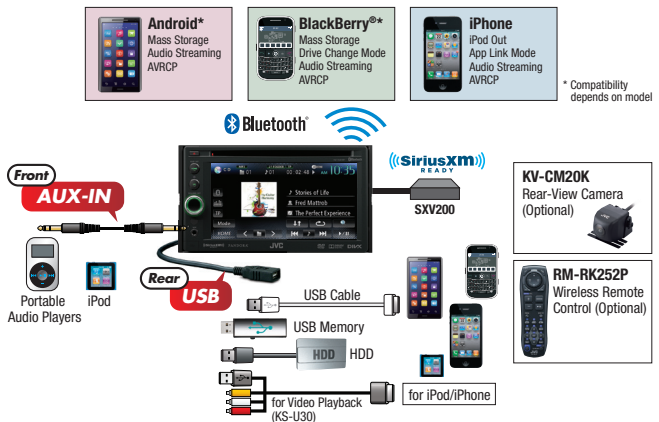

*Rear-View Camera Ready

The dedicated video-in terminal allows connection with an optional rear view camera for a better view behind your car.

Image Sensor	1/4" Color CMOS
