

# KD-X250BT

Bluetooth® Wireless Technology Digital Media Receiver  
with Front USB and AUX

Made for  
iPod iPhone

## Recommended Features

## Key Benefits

JVC's digital media receiver with a detachable face panel offers integrated performance with smartphones and other external sources. The built-in Bluetooth® Wireless Technology provides audio entertainment and full-time connection for 2 phones, as well as the latest Siri Eyes-Free-Mode for safe driving via voice control. In addition to easy song browsing from Android™, JVC Smart Music Control lets you use your device as a remote, complete with finger gestures and voice control. By connection to 1A USB, a USB memory stick becomes your playlist library with JVC Playlist Creator software. For Pandora, not only control, but thumbs-up/down is also available from the headunit, via Bluetooth® for Android™/BlackBerry®, and USB for iPhone®. MOS-FET power amp and 24-bit DAC provide quality sound. Other features include front AUX input, 3-band parametric iEQ, and Radio Timer. Steering Wheel Remote is also available with an optional adapter.

**JVC Smart Music Control (for Android™)\***  
Use your Android phone as a remote control, complete with finger gesture operation. Let the Mood Blender generate a playlist that matches the way you feel. And with voice control, you can activate and access functions just by saying what you want.

Free

Versatile control with 11 gesture recognition

Bluetooth® Wireless Technology Digital Media Receiver  
with Front USB and AUX

## \*Bluetooth® Compatible Functions

In addition to hands-free calling, voice recognition dialing, audio streaming/control, and remote control features with your smartphone, you can transfer up to 400 contact numbers to the headunit. With PBAP compatible cell phones, you can access your phone book without transferring to the headunit. Two phones can remain connected continuously.

The features are also available for smartphones.

*So Many Features!*

## \*Speed Dial with 6-Key Presets

Numbers stored in preset for 2 connected phones can be easily dialed from the headunit's 6 keys. Maximum 30 numbers for 5 phones can be registered.

## \*Siri Eyes-Free-Mode for iPod/iPhone

This function allows access to the "Siri" voice-activated personal assistant while keeping your hands on the steering wheel and eyes on the road. No need to watch or touch the iPhone screen as you play back music stored on iPhone, and make calls to registered phone numbers via Bluetooth-equipped car receiver, with the safety of voice control. Moreover, "Siri Eyes-Free-Mode" can be easily accessed using the Bluetooth/Voice Button as is the case with Voice Guidance.

\* Depending on the in-car environment or iPhone/iPod environment being used, there may be cases where smooth operation is not attainable.

## \*1A USB Audio for iPod/iPhone and Smartphones

Connect your iPod/iPhone or other smartphones to the unit's 1A USB port, and enjoy music in clear, digital sound with full-speed transfer. Your device's battery will be charged during connection.

## \*JVC Original Apps/Software for Smartphone/Devices

**Free**

### JVC Music Control (for Android™)\*

JVC Music Control is a free download app that allows Android users to listen to favorite songs through an iPod like browsing experience via USB Mass Storage Mode. Browse music by Artist, Album or Song Title through the headunit. Also generates playlists based on a particular Mood, much like a personal DJ.

\* Smartphones with Android™ 2.2 and above.

What you can do:

- Control from headunit
- Title Browsing
- Mood Play

### JVC Playlist Creator

Use PC software (for Windows®) to create a Playlist of tunes on USB memory which can be used in your car.

## \*Apps Control for iPod Mode

Song information display and certain control features are available on the headunit for some apps, when the app is launched during iPod Mode.

Now, Turn to the Right

## \*Pandora via Bluetooth® (for Android™/BlackBerry®)

Via Bluetooth® connection with your Android™/BlackBerry® device, you can listen to as well as control the Pandora app on the headunit. Thumbs-up/down, forward skip, pause/play, and search station/bookmark can all be controlled with the unit's keys.

## \*Steering Wheel Remote Ready

With an optional adapter, you can control an advanced JVC headunit from the steering wheel remote control that comes factory standard with your car.
