DLA-X950R Key Features

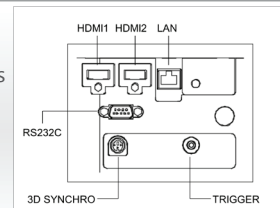

Built with hand-selected and hand-tested components, the DLA-X950R produces exquisite quality images with JVC's exclusive 4K e-shift4. It accepts native 4K 60P (4:4:4) content through Full Speed 18Gbps HDMI/HDCP 2.2 compatible inputs, and offers a class leading 150,000:1 Native Contrast Ratio. Three discrete D-ILA devices produce a flicker free image with 4K precision. The DLA-X950R is THX Certified and meets or exceeds their high standards. For 2016, JVC projectors include HDR content compatibility and an improved Clear Motion Drive for unmatched picture quality, as well as a newly developed high power lamp that provides 1900 lumens: the highest in-class brightness.
